

MICHAŁ BYSTRYK

SENIOR FRONTEND ENGINEER

PROFILE

Frontend engineer with a product mindset and over 5 years of hands-on experience building business-critical web and mobile products. Trusted to own end-to-end delivery, challenge requirements, mentor others, and ship scalable frontend solutions. Open-source contributor and Medusa.js plugin author using AI tools to accelerate delivery and focus on product analysis.

WORK EXPERIENCE

Senior Frontend Engineer

Pirxey | 09.2025 - present
React, TypeScript, Tailwind, AI-assisted development

- Develop and maintain a large-scale generative AI chatbot platform serving 6M+ active users.
- Own delivery from requirements and technical design to release ownership and post-launch support.
- Partner with engineering and business leaders to shape priorities, surface risks, and deliver high-impact initiatives.
- Repeatedly acted as a frontend lead substitute, coordinating priorities and ensuring delivery continuity.
- Delivered an internal administration platform independently within two weeks, ramping up quickly in a new domain.

Frontend Engineer

Blazity | 03.2025 - 09.2025
React, Next.js, TypeScript, Tailwind, Radix UI, AWS

- Built an MVP no-code system for creating RCS messages.
- Developed an internal project estimation tool supporting delivery planning.

Frontend Engineer

Signal OS | 03.2024 - 03.2025
React, Next.js, React Native, TypeScript, Material UI

- Developed multi-tenant administration platforms for managing tenants, permissions, and operational workflows.
- Built a cross-platform mobile app for parking space reservations and building facilities.
- Validated EV charging scenarios during field testing, supporting production readiness.

Frontend Engineer

Mobile Marketing Center | 03.2023 - 12.2023
React, TypeScript, Styled Components, SCSS

- Developed an interactive web app for learning foreign languages.
- Improved Core Web Vitals, SEO, and analytics setup using GTM, GA, and Hotjar.

Frontend Engineer

www.michalbystryk.dev | 04.2021 - 03.2023
Next.js, Astro, TypeScript

- Delivered custom web solutions for small businesses, translating business requirements into scalable and user-friendly digital products.
- Designed and developed a customer-facing website for a barbershop, including integration with the Przelewy24 payment platform.
